

## Registering BSB 4 & 5 Charts on Mac OS X

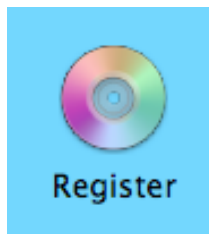

In order to use BSB 4 or BSB 5 Charts on Mac OS X they must be installed and registered on your Mac (Even if you have previously registered them on Windows or Virtual PC). BSB 3 or previous charts do not require registration. Note: OS X 10.3 or later required.

### Quit any navigation or GPS software running.

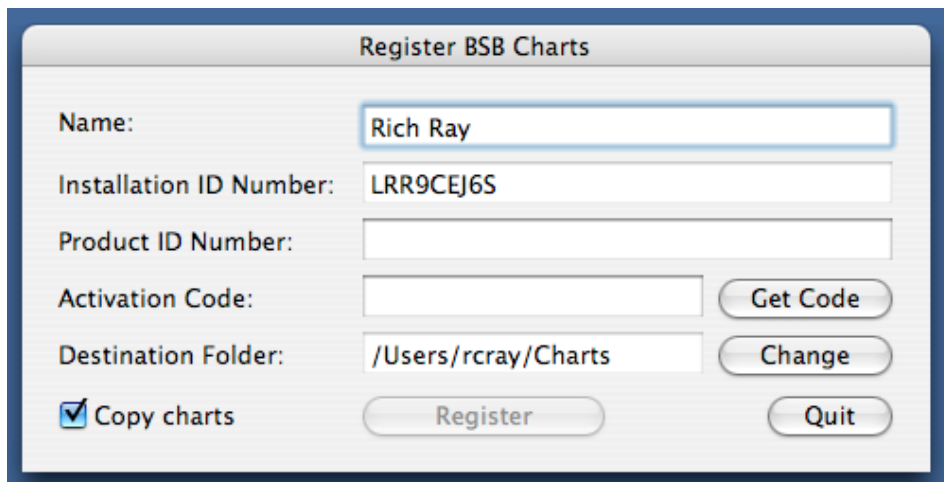

Download the Register Application from:

<http://www.gpsnavx.com/downloads/Register.dmg>

Insert BSB 4 or BSB 5 CD (The CD will be labeled BSB 4 or BSB 5) into drive (**On the system you plan to use the charts**) and Launch **Register** (By double-clicking on the Register icon)..

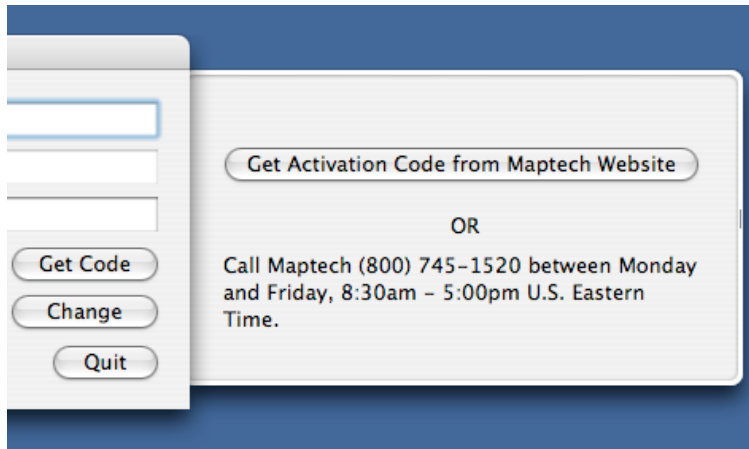

Enter the **Product ID Number** (Typically found with the chart documentation. pay particular care in not substituting "0"s for "O"s)..

The image shows a screenshot of the 'Register BSB Charts' dialog box. The dialog has a title bar that says 'Register BSB Charts'. It contains several input fields and buttons. The 'Name' field is filled with 'Rich Ray'. The 'Installation ID Number' field is filled with 'LRR9CEJ6S'. The 'Product ID Number' field is empty. The 'Activation Code' field is empty, with a 'Get Code' button to its right. The 'Destination Folder' field is filled with '/Users/rcray/Charts', with a 'Change' button to its right. At the bottom left, there is a checked checkbox labeled 'Copy charts'. At the bottom center, there is a 'Register' button. At the bottom right, there is a 'Quit' button.

Note: The Installation ID Number will be unique for your Mac.

Select the Get Code button...

Select **Get Activation Code from Maptech Website** button to obtain an Activation code online (A web browser window will open). You will be prompted to enter the **Product ID Number** and **Installation ID Number**.

OR

On another computer which has an Internet connection open a browser to [www.maptech.com](http://www.maptech.com) and select Registration. You will be prompted to enter the **Product ID Number** and **Installation ID Number**.

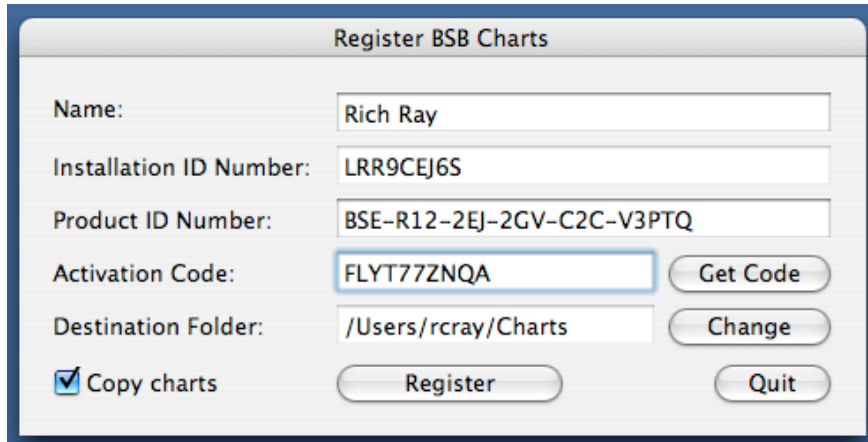

OR

Call the phone number listed. You will be prompted to enter the **Product ID Number** and **Installation ID Number**.

**NOTE: Use the Installation ID Number from your Mac instead of the one shown in the Register screen shot examples.**

After completing the Maptech registration you will have an Activation Code and possibly revised Product ID Number.

Enter the **Activation Code & Product ID Number...**

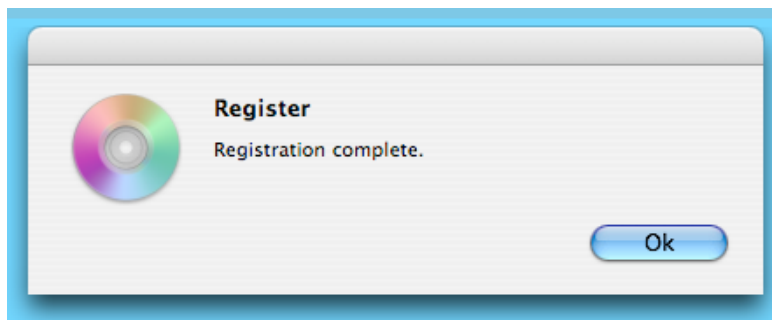

The screenshot shows a dialog box titled "Register BSB Charts". It contains the following fields and controls:

- Name: Rich Ray
- Installation ID Number: LRR9CEJ6S
- Product ID Number: BSE-R12-2EJ-2GV-C2C-V3PTQ
- Activation Code: FLYT77ZNQA (with a "Get Code" button next to it)
- Destination Folder: /Users/rcray/Charts (with a "Change" button next to it)
- Copy charts
- Buttons: Register, Quit

By default the BSB 4 or BSB 5 charts will be copied to your home folder **Charts** sub-folder. Use the **Change** button to select a different folder.

If all the required fields have been filled with valid entries the **Register** button can be selected. Do so to install the BSB 4 or BSB 5 charts and enable them. If this is successful you will see...

You should also receive an email with the Installation ID Number, Product ID Number and Activation Code. In the event you need to re-register the BSB 4 or BSB 5 charts (on the same Mac) you can repeat the Register process again using the same values contained in the email.
